#### **SBE Approves Everest Charter Petition on Appeal**

#### SBE Approves Western Sierra Collegiate Academy Petition on Appeal

The State Board of Education, by a vote of 7-1, approved the petition to establish the Western Sierra Collegiate Academy (grades 7 through 12) under the oversight of the State Board of Education. # SBE Approves Initiation of Rulemaking under SB 319 (General Purpose Funding Entitlements for Conversion Charter Schools)

The SBE commenced the rulemaking process to develop regulations to help school districts and conversion charter schools determine the appropriate level of funding for public conversion charter schools in unified school districts in accordance with Education Code Section 47660(c). If you are considering the conversion of a public school operating in a unified school district, you need to be aware that the charter school, if approved, will not be funded like all other charter

schools in the state. For more information about this provision of law or copies of the draft regulations, please contact our office.

MYM is proud to represent and play an active part in the approval of the Pacific Technology statewide charter, as well as the two SBE charter schools approved on appeal (WSCA and Everest).
